

# CEFIA New Flagship project : *Hydrogen & Ammonia*

JEITA

## RENKEI

energy efficiency through  
power optimization

JASE-W

## ZEB

Net-Zero Energy Building

JISF

## SteelEcosol

energy saving at steel plants

ADFIAP

## Finance

Forest Energy

## Biochar

biomass power generation and  
biochar

Daikin Industries

## AC-ECP

AC systems striking a balance  
between energy saving and  
comfort

Kyudenko

Furukawa Battery

## Microgrid

JH2A

CFAA

## Hydrogen & Ammonia

We are planning to hold a Hydrogen-Ammonia Webinar for ASEAN members around April.  
If you have any questions you would like to ask for the Webinar, please submit them in the Survey!
